The **third episode** of FIC CHARCHA featured **Mr. Hari Om Rai** who is the **co-founder, chairperson, and managing director of Lava International** – an Indian Multinational in the mobile handset industry with its presence in 13 countries.

He knows how to bring outstanding ideas to the table and executing them from the ground level. He comes from a very humble beginning and has seen the face of failure but still rose like a phoenix.

In this episode, he talked about his early life and how he managed to become the president of the student union in his college. He described his various entrepreneurial journey in the genres of logistics, biotech, and mobile phones.

He went a layer deeper with his personal stories and the importance of pursuing the art of leadership. Stories like these tell us the journey of tech entrepreneurs who have made a mark in the industry. He also spoke about the future of Lava mobiles and the future of the Indian Mobile Industry. We hope this podcast gave a spark to the entrepreneur in you.
